

Please read this very important Safety Information before you Ride and Stride

COVID-19

If we need to put COVID-19 guidelines in place, we will add these to our website before September 11th, 2021.

Please also read the Risk Assessment information on our website, before you take part in our event.

- Police advise all cyclists to ride in single file, not in large groups, and to wear an article of clothing which is reflective, fluorescent or of a very bright colour (e.g. Yellow or Orange).
- Study the bicycling section of the Highway Code and ensure your bicycle is roadworthy.
- You must read and follow the Risk Assessment document on our website. The Trustees of the county Historic Churches Trust can accept no liability for death or injury sustained or caused by any participant in the Sponsored Bicycle Ride/Stride, save to the extent required by law.
- The wearing of safety helmets is advised by the Health Authorities.
- On the Local Rides leaflets we have tried to identify junctions and hazards that require particular care to be taken. There may be others so care must be taken at all times.
- Ride in single file and do not race.
- Walk wherever cycling is difficult or dangerous.
- NB: Anyone intending to use motorised vehicles will need to check with their own insurers that they have adequate cover, as this form of transport is not a part of the event.
